Studies

Bachelor of Science (BSc) in Physics

September 1997 – September 2001

Specialization: Electronics and Telecommunications

Grade: 8.04/10

Institution: Aristotle University of Thessaloniki – Depart. of Physics

Dissertation: "Development of telecommunication systems: Signal production with DDS techniques for the control of telecommunication systems. Applications with the arbitrary waveform generator HP 33120A"

Supervisor: Assistant Prof. Vafiadis Elias

Master of Science (MSc) "Electronic Physics (Radioelectrology)"

October 2001 – February 2004

Specialization: Electronic Technology of Telecommunications

Grade: 9.25/10

Institution: Aristotle University of Thessaloniki – Depart. of Physics

Dissertation: "Temperature rise on head tissues of mobile phone users. Study of the thermal parameters"

Supervisor: Prof. Sachalos John

Master of Education (MEd) "Models of design and development of educational units"

April 2005 – November 2006

Specialization: Information and Communication Technologies' Management

Grade: 8.73/10

Institution: University of the Aegean – Depart. of pre-school education sciences and educational design

Dissertation: "Collaborative modelling activities of physics' phenomena in real classroom conditions"

Supervisor: Associate Prof. Dimitracopoulou Angelique

Doctorate (PhD)

October 2008 – September 2013

Title: "Analogical reflection and metacognitive skills development through collaborative modelling activities in Physics"

Advisory committee: Prof. Dimitracopoulou Angelique (Supervisor), Prof. Kalavasis Fragkiskos, Associate Prof. Kafoussi Sonia

Grade: 10/10

Institution: University of the Aegean – Depart. of pre-school education sciences and educational design

Post-Doctoral Research

September 2016 – July 2020

Title: "Educational Engineering"

Supervisor: Prof. Kalavasis Fragkiskos

Institution: University of the Aegean – Depart. of pre-school education sciences and educational design

Scholarships – Academic Awards

- 01/10/2018-31/12/2019: Scholarship in the framework of the project "Supporting researchers with an emphasis on young researchers" of the E.P. "Human Resource Development, Education and Lifelong Learning" co-financed by the European Social Fund and national resources.
- 01/03/2003-31/08/2003: Scholarship from the European Union Committee for the performance of the second year of studies at the post-graduate programme "Electronic Physics and Radioelectrology", Physics department Aristotle University of Thessaloniki.
- 2002-2003: First grade position at the post-graduate programme "Electronic Physics and Radioelectrology", Physics department Aristotle University of Thessaloniki.
- 2001-2002: Candidate for performance scholarship from the Greek Foundation of Scholarships at the post-graduate programme "Electronic Physics and Radioelectrology", Physics department Aristotle University of Thessaloniki (was not obtained due to parallel scholarships)
- 01/07/2002-31/12/2002: Scholarship from the European Union Committee for the performance of the first year of studies at the post-graduate programme "Electronic Physics and Radioelectrology", Physics department Aristotle University of Thessaloniki.
- 2001-2002: First grade position at the post-graduate programme "Electronic Physics and Radioelectrology", Physics department Aristotle University of Thessaloniki.

Research Interests

- Conceptual Representations in Science and Mathematics Education
- Curricula
- Science Education
- Educational Engineering
- Interdisciplinary approach of Science and Mathematics in Education
- STEAM Education
- Game Based Learning
- Systems Theory in Education
- Reflection and Metacognition
- Education for the Sustainable Development Goals of UN
- Electromagnetic Pollution and Biological Effects

Research in Science Education and Educational Engineering

Master's degree dissertation at MEd "Models of design and development of educational units" at the Depart. of pre-school education sciences and educational design, University of the Aegean

"Collaborative modelling activities of physics' phenomena in real classroom conditions"

Supervisor: Associate Prof. Dimitracopoulou Angelique

04/2006 – 10/2006

Doctoral's degree dissertation at the Depart. of pre-school education sciences and educational design, University of the Aegean

"Analogical reflection and metacognitive skills development through collaborative modelling activities in Physics"

Supervisor: Prof. Dimitracopoulou Angelique

10/2008 – 09/2013

Post-Doctoral Research at the Depart. of pre-school education sciences and educational design, University of the Aegean

"Educational Engineering"

Supervisor: Prof. Kalavasis Fragkiskos

09/2016 – 06/2020

Research project: The didactical linking between mathematics and physics during the transition from primary school to high school: a systemic approach to the manifoldness of the concept of equality.

Scientific Supervisor: Prof. Kalavasis Fragkiskos

Co-funding: Greece and the European Union (European Social Fund- ESF)

Implementation: Depart. of pre-school education sciences and educational design, University of the Aegean.

01/10/2018 – 31/12/2019

Research in Electronic Physics and Telecommunications

Bachelor's degree dissertation at the Physics Dept. Aristotle University of Thessaloniki

«Development of telecommunication systems: Signal production with DDS techniques for the control of telecommunication systems. Applications with the arbitrary waveform generator HP 33120A»

Supervisor: Assistant Prof. Vafiadis Elias

01/2001 – 09/2001

Master's degree dissertation (MSc) "Electronic Physics (Radioelectrology)" at the Physics Dept. Aristotle University of Thessaloniki

«Temperature rise on head tissues of mobile phone users. Study of the thermal parameters»

Supervisor: Prof. Sachalos John

01/2003 – 12/2003

Research project: Study of the non-ionizing radiation at the Radio/TV antenna park in Thessaloniki

Scientific supervisor: Prof. Sachalos John

Funding: Hellenic Ministry of communications.

Implementation: Radiocommunications Laboratory of the Physics Dept. Aristotle University of Thessaloniki.

01/02/2003 – 31/05/2003

Research project: Electromagnetic Radiation's Measurements in Thessaloniki

Scientific supervisor: Prof. Sachalos John

Funding: STET Hellas Telecommunications SA (Telestet).

Implementation: Radiocommunications Laboratory of the Physics Dept. Aristotle University of Thessaloniki.

01/07/2003 – 30/09/2003

Research project: Research in living for possible health risk related to the use of cell phones and Base Stations (Studies of carcinogenesis in rodent)

Scientific supervisor: Prof. Sachalos John

Funding: European Commission – Research Directorate General.

Implementation: Radiocommunications Laboratory of the Physics Dept. Aristotle University of Thessaloniki.

01/10/2003 – 31/11/2003

Professional Experience

- 2025-present: Assistant Professor, University of the Aegean
- 2017-2025: Researcher – Faculty member, University of the Aegean
- 2014-2017: Adjunct lecturer at the Post graduate programmes “Didactics of Mathematics, Science, and Information and Communication Technologies in Education: Interdisciplinary approach” and “Models of design and development of educational units”
- 2005-2017: Science educator at public secondary education in Greece
- 2014-17: Director of the “Laboratory Centre of Natural Sciences” of South Dodecanese

Teaching Experience

Graduate programme of the depart. of pre-school education sciences and educational design, University of the Aegean

- Didactics of Science
Academic years: 2018-25
- Learning within Science
Academic years: 2018-25
- Practicum in Early Childhood Science Education – (Natural Sciences and Environment)
Practice B’ Phase
Academic years: 2017-20
- The Development of Representations in the Context of Natural Sciences
Academic year: 2017-18
- The Impact of Sensorimotor Experience on the Understanding of Mechanical Balance from Children of Preschool Age
Academic year: 2017-18
- Applied Didactics of Information and Communication Technologies: Practice B’ Phase
Academic years: 2017-20
- Applied Didactics of Information and Communication Technologies and of Interdisciplinary Approach: Practice B’ Phase
Academic years: 2020-25
- Design, development and evaluation of educational applications of Information and Communication Technologies
Academic years: 2017-20 | Laboratory support
- Mathematical paths of humans and civilizations: Design by exploiting the variety
Academic year: 2016-17 | Co-teaching
- Introduction to Didactics of Mathematics
Academic years: 2017-20 | Tutoring teaching

Post-graduate programme “Didactics of Mathematics, Science, and Information and Communication Technologies in Education: Interdisciplinary approach”, University of the Aegean

- Didactics of Mathematics and Science: An interdisciplinary approach
Academic years: 2014-25
- Contemporary directions and applications of research in Didactics of Mathematics and Science
Academic years: 2016-25
- Observation - interdisciplinary design methodology for the practice
Academic years: 2018-25
- Adapted methodology in the thematic areas of master thesis
Academic years: 2018-25
- Dissertation beginning
Academic years: 2014-16

Post-graduate programme “Models of design and development of educational units”, University of the Aegean

- Educational Engineering
Academic years: 2014-25
Academic years: 2009-11, 2012-2014 | Teaching support

Post-graduate programme “Environmental Education”, University of the Aegean

- Introduction to the Environmental Sciences
Academic years: 2020-25
- Environmental Issues in the Perspective of Sustainable Development
Academic years: 2020-25

Post-graduate programme “Children's Book and Educational Material”, University of the Aegean

- Technological Educational Material
Academic year: 2022-23

Graduate/post-graduate dissertations’ supervision

- Supervisor of 16 post-graduate dissertations
 - 13 at the post-graduate programme “Didactics of Mathematics, Science, and Information and Communication Technologies in Education: Interdisciplinary approach”, University of the Aegean.
 - 2 at the post-graduate programme “Environmental Education”, University of the Aegean.
 - 1 at the post-graduate programme “Models of design and development of educational units”, University of the Aegean.
- Member of the consulting team of 36 post-graduate dissertations
 - 33 at the post-graduate programme “Didactics of Mathematics, Science, and Information and Communication Technologies in Education: Interdisciplinary approach”, University of the Aegean.
 - 3 at the post-graduate programme “Models of design and development of educational units”, University of the Aegean.

- Member of the consulting team of 2 graduate dissertations at the Graduate programme of the department of pre-school education sciences and educational design, University of the Aegean.

Secondary Education

- 2014-17: Director of the “Laboratory Centre of Natural Sciences” of South Dodecanese
- 2005-14: Secondary School Science Educator

ICTs Certification Centers

- 2005-07: Educator at Interactive Learning, Rhodes

Invited Talks at Scientific Events

- IS.6 Invited speaker at the European Conference for Initial Teacher Education (ITE), within the framework of the project "Hellenic National Support Service for the eTwinning Action 2024-26", Budapest, 28-30/11/2024.
- IS.5 Invited speaker at the Initial Teacher Education Partner-Finding Fair, organized by the National Support Services of the eTwinning Action from Belgium, Greece, Lithuania, Spain, the Netherlands, and Portugal. Online, 14/11/2024.
- IS.4 Invited speaker at the Discussion Panel "Science and Research" of the 1st International Digital Storytelling Festival, organized by the Zakynthos Club for UNESCO, the National and Kapodistrian University of Athens, the Ionian University, and the University of the Aegean, Zakynthos, 27-29/9/2024.
- IS.3 Invited speaker at a training seminar on "Theoretical and Teaching Approaches in the Natural Sciences", co-organized by the School Counselors of Primary Education of the 1st and 3rd Educational Regions of Dodecanese. Talk topic: "Laboratory Activities on Electricity and Light", Rhodes, 8/3/2017.
- IS.2 Invited speaker at an Environmental Education Seminar on "Why the Environment Concerns Me", organized by the Departments of School Activities of Primary and Secondary Education of Dodecanese. Talk topic: "Management of Natural Resources: Methods of Saving Water and Electricity – Recycling Plastic Bottles and Batteries at School", Rhodes, 7/10/2014.
- IS.1 Invited speaker at an event of the General Lyceum of Afantou, with a talk on "CERN: History and Achievements", General Lyceum of Afantou, Laboratory Center for Physical Sciences of Rhodes, Rhodes, 1/10/2014.
